SUBJECT	FAMILY EMPOWERMENT WORKSHOP		
TYPE OF EDUCATIONAL ACTIVITY	F		
AMBIT	21338-Altre conoscenze utili per l'inserimento nel mondo del lavoro		
CODE	13391		
SCIENTIFIC SECTOR(S)			
HEAD PROFESSOR(S)	NOVARA CINZIA	Professore Associato	Univ. di PALERMO
OTHER PROFESSOR(S)			
CREDITS	6		
INDIVIDUAL STUDY (Hrs)	120		
COURSE ACTIVITY (Hrs)	30		
PROPAEDEUTICAL SUBJECTS			
MUTUALIZATION			
YEAR	2		
TERM (SEMESTER)	1° semester		
ATTENDANCE	Not mandatory		
EVALUATION	Pass/Fail		
TEACHER OFFICE HOURS	NOVARA CINZIA Monday 10:00 13:00 Edificio 15 - 7° piano - Aula 016		

PREREQUISITES	Pre-requisites for achieving the objectives of the course: - Knowledge of community social work focused on pedagogical aims - knowledge of the sociological and juridical aspects from which the new family configurations arise
LEARNING OUTCOMES	<p>Knowledge and understanding Acquiring knowledge about the main theoretical models of research and training with families, the fundamental theoretical references which frame the family life cycle to the study of new family structures in relation to new forms of parenthood. Ability to identify for the different theoretical contributions, in-depth during the course, the most suitable application contexts in the field of adult education.</p> <p>Applying knowledge and understanding Ability to outline a possible autonomy in the context of research and / or training with the different types of families, in a setting of networking between families and community services, defining: the theoretical model, the observation tools and intervention techniques to be applied, as well as the methods to read statistical data and to project life cycle training plans.</p> <p>Making judgments Ability to reflect on the knowledge acquired in an original and autonomous, through the integration of different contributions to the study of family networks, formal and informal, to services and of enrichment programs for families; ability to compare and create connections on the various elements of the issues addressed by activating a critical reflection.</p> <p>Communication skills Ability to clearly and exhaustively set out the acquired knowledge, ability to consistently convey the most significant elements of the contributions of several authors at the couple's study, in the different contexts of the life cycle and in critical situations (households and services, families and institutions); ability to report the results of research on families even to a non-specialist public.</p> <p>Learning ability depth capabilities by consulting their own scientific publications of the psychology of the family sector, with particular reference to the emerging family types. Ability to use the knowledge acquired during the course, for a high-level training or specialized seminars in the field of research and intervention in family contexts.</p>
ASSESSMENT METHODS	<p>The evaluation will verify both the content knowledge and skills developed during the lectures and provided practical exercises. The verification methodology will be the oral (conversation), with proof of skills and subject knowledge provided by the course. The oral test requires a minimum of 4 questions, questions both open and semi-structured are in place to assess the student's ability to independently answer and reflect on the path of theoretical and methodological study. The evaluation will be expressed in thirtieths with eventual praise, according to the following evaluation method:</p> <ul style="list-style-type: none">- Excellent (score: 30 or 30 cum laude): excellent knowledge of the topics, excellent properties of language, the student is able to apply the knowledge to solve the suggested problems;- Very good (score: 26-29): good mastery of the subjects, full ownership of the language, the student is able to apply the knowledge to solve the suggested problems;- Good (score: 24/25): Basic knowledge of the main topics, discrete properties of language, limited ability to independently apply the knowledge to the solution of the proposed problems;- Satisfactory (score: 21-23): has not fully mastered the teaching subjects but it has the knowledge, satisfactory property language, poor ability to independently apply the knowledge acquired;- Adequate (score: 18-20): basic knowledge of the teaching and technical language issues, very little ability to independently apply the knowledge acquired; <p>Insufficient: does not have an acceptable knowledge of the contents of the topics covered in the teaching.</p>
EDUCATIONAL OBJECTIVES	<ol style="list-style-type: none">1. Recognizing the dynamics of the latest family transformations and the resulting dimensions of risk and resilience (Migrant families, mixed or bicultural and adoptive families).2. Identifying good practice in observation and supporting to the parenting programs in formal and informal organizational context (social, educational, multicultural).3. Planning training interventions for the promotion of family empowerment4. Applying the methodology of networking to support the various forms of parenting.

TEACHING METHODS	<p>The course will take place through lectures, educational visits on the field, practical work in the classroom and in-depth seminars with experts from the field of studies.</p> <p>To encourage better communication teacher-students will use the e-learning platform Moodle, which will be uploaded on the course materials, advertisements and other useful material for learning purposes.</p> <p>The working students must contact the teacher at the beginning of the course (via email) in order to agree on any differentiated work plan and to have access to the teaching material on the electronic platform.</p>

SYLLABUS

Hrs	Frontal teaching
5	Theoretical models and analysis of the family life cycle: development tasks and challenges, transitions and oscillations in reference to normative and paranormative events.
5	Intervention models and identification of tools for family assessment, family life cycle steps and integration services to support family empowerment.
5	New family structures and analysis of rules and functions in family dynamic (migrant families, pluri-parenting, conflicting families, mixed couples, adoptive families, etc.).
5	The Olson's model to define the family adaptability to the change.
Hrs	Practice
10	Simulations, role playing, case studies, group discussions and meetings with key stakeholders who work with families in the legal, social, educational and cultural field.
