| COURSE ACTIVITY (Hrs) | 64 |

EDUCATIONAL OBJECTIVES OF THE MODULE

The course aims to provide a clear and aware framework of the penal system, as it comes from both theoretical elaborations and jurisprudential settings, giving the student all the tools for a correct approach to the solution of concrete application cases. It therefore intends to train the student, through the knowledge of the penal principles and the general part of criminal law, also in light of the fundamental principles of the reform of the code. The selection of special part topics aims to acquire the ability to connect general institutes to individual protection sectors, applying the notions of crime theory (structure and regulations) to specific incriminations.
