PREREQUISITES	Si richiede un minimo di conoscenza in psicologia generale. Comunque anche gli argomenti basilari verranno brevemente trattati.
LEARNING OUTCOMES	conoscenza dei principi della psicologia dinamica applicata all'aspetto personale e sociale
ASSESSMENT METHODS	prova orale
EDUCATIONAL OBJECTIVES	The aims of the course is to bring the student closer to understand the human personality. Each of us has its own uniqueness given by the genetic composition that intertwines with the environmental one, starting from the relationships that are established in the family environment with parents and next of kin. This is the basis of the identity constitution that will characterize the adult. This subject unicum will manifest itself in all areas of an adult's life: emotional, social, working.
TEACHING METHODS	face-to-face lessons, on line, exercises
