## DOCENTE: Prof.ssa MANOELA PATTI

DOCENTE: Prof.ssa MANOELA PATTI PREREQUISITI	Knowledge of contemporary history
RISULTATI DI APPRENDIMENTO ATTESI	Knowledge and understanding: Students are expected to acquire knowledge and understanding that build upon their general secondary education, and is typically at a level that, whilst supported by advanced textbooks, includes some aspects that will be informed by knowledge of the forefront of their field of study; Applying knowledge and understanding: Students are expected to apply knowledge and analyze autonomously the historiographical debate about the history of mobility and migrations in postwar
	Europe, and the history of these phenomena in shaping contemporary Europe after 1945, in connection with decolonisation and the creation of the European Community, paying particular attention to methodological questions. Making judgments
	Students shall acquire the self-confidence in undertaking self-directed learning and in making the most effective use of time and resources; the knowledge and the understanding of some key and much-debated problem areas of twentieth- century world history, in particular the analysis of the migration process in the history of Europe in the global postwar context, and considering both the context of the Cold War and of the Decolonization. Students shall acquire the knowledge and the understanding of the transnational
	connections, global and local links, historical processes that characterize the global perspective in historical studies; the ability to draw interdependence between diverse perspectives in the framework of the complex global exchanges; the ability to analyze critically the multidimensional process at the heart of Decolonization and european history, taking into account the unique regional, imperial and bipolar contexts in which it unfolded; the capacity to engage in effective critical inquiries by defining problems, gathering and evaluating evidence, and determining the adequacy of argumentative discourse. Communication skills
	Students shall engage in a discussion concerning global contemporary history and be able to present independent opinions by using arguments that are clearly expressed, coherently organized and effectively supported by relevant evidence. Learning skills Acquiring a broad range of historical knowledge and understanding, including a
	sense of development over time, critically evaluating the significance and utility of a large body of material, including evidence from contemporary sources and the opinions of more recent historians. Students are expected to achieve a deep historiographical analysis of the key issues developed during the lessons.
VALUTAZIONE DELL'APPRENDIMENTO	Final oral assessment: The oral assessment is an exam in which knowledge and skills in the field of study are going to be tested. Final notes go from 18 to 30 points. The student is required to answer at least 3 or 4 oral questions regarding the whole program of study concerning the suggested books. Questions shall assess a) Knowledge and understanding b) cognitive and practical skills c) ability to communicate d) Making judgments Note European Qualifications
	Framework 30 - 30 cum laude a) advanced knowledge of a field of work or study, involving a critical understanding of theories and principles b) advanced skills, demonstrating mastery and innovation, required to solve complex and unpredictable problems in a specialized field of work or study c) fully adequate use of specialized language d) take responsibility for managing and innovate the study field; 26 29 a) comprehensive, specialized knowledge within a field of work or study and an awareness of the boundaries of that knowledge b) a comprehensive range of cognitive and practical skills required to develop creative solutions to abstract problems c) comprehensive use of specialized language d) exercise management and supervision in contexts of work or study activities
	22 25 a) knowledge of facts, principles, processes, and general concepts, in a field of work or study. b) basic skills required to accomplish tasks and *solve problems by selecting and applying basic methods, tools, materials, and information c) basic capacity to use specialized language d) basic capacity to take responsibility for completion of tasks in work or study 18-21 a) basic general knowledge b) basic skills required to carry out simple tasks c) basic capacity to communicate relevant information d) basic capacity to take responsibility for completion of tasks in work or study. ; INSUFFICIENT The Student hasn't got an acceptable knowledge of the topics covered in the
	teaching. Students may also choose to make class presentations that will be the object of specific evaluation (0 to 3 points of bonus), and the class will be involved in debating presentations during the lectures. Students can work in groups of 3/4 persons, however, each student will be individually graded. Those who are unable to attend the course and are not involved in-class presentations can choose to present a take-home paper, that will be the object of specific evaluation (0 to 3 points bonus). The paper must

cont	submitted at least 15 days before the date of the exam. Students must tact the teacher to be assigned a specific topic for the take-home paper. final exam will be an oral exam on the texts indicated in the list below.
unde histo of m pher on ti deco emp and emp The [] r the f bour Stuc histo of E Atte inter	course aims to provide the student with advanced knowledge and erstanding of the Contemporary History critical perspectives on some of the prical literature on migration in a global perspective, focusing on the history nobility and migrations in postwar Europe, and on the contribution of these nomena in shaping contemporary Europe after 1945. The course will focus he issues of migration processes in postwar Europe in connection with olonisation, and with the creation of the European Community. The readings phasize major themes and questions in migration history, including networks diaspora; labor migration; refugees; ethnicity, race, gender, and class; bire; and questions of border surveillance. course will analyse the experiences of migrants, and it will examine "how migrations and mobility impacted the way national communities, as well as European one, have been defining themselves and their real and imaginary ndaries" dents will reflect on the way contemporary global history relates to migration bory; decolonization history; post-colonialism and, more generally, the critique funcentrism. Intion will be paid to the complex nexus between processes and the rnational context, to the topic of the postwar international regime, in a world, in particular in an European continent, reconfigured by the end of WWII, the I war and decolonization.
sem	ditional lectures with slideshow, guided discussion on readings, videos, films, ninars. Student presentations. Students are required to take part in sussions
